Prices quoted are f. o. b. cars, Oakland. PACKING CHARGES will be added.

All pot-grown Evergreens are removed from pots and sacked. For nearby shipments Palms and House Plants are left in pots. For distant shipments we will remove all plants from pots, thereby saving consignee express or freight charges, UNLESS INSTRUCTED TO THE CONTRARY.

As usual, five will be furnished at ten rates, fifty at hundred rates, five hundred at thousand rates.

Such articles as are not listed herein, but appear in our general retail plant catalogue, will be furnished at a discount of 33⅓ per cent.

**Rhododendrons.** Our collection consists entirely of Hardy English, Parson's Hybrids and Catawbiense Grandiflora varieties and choice forcing kinds. The Rhododendron as a forcing plant for Easter is becoming more popular every year. Such desirable varieties as Roseum, Prince Camile de Rohan (Rosy Pink) and Cunningham's White can easily be forced into flower in three or four weeks from the time they are brought into a warm house. The $1.00 and $1.50 sizes of the above varieties are extra fine, being large compact plants, well budded and clean foliage. We have many other desirable forcing varieties in addition to the above, but we recommend these as being especially fine for that purpose. Every florist should have a few in bloom at Easter with other stock.
